

Student Testimonials – BoSoma Dance Company

‘What I experienced last night brought me to the edge of my seat, gave me goosebumps, took my breath away, made me feel the depth of sadness, fear, and despair. and then the lovely “8 Years Later” which filled me with joy, hope and love. I needed and loved that one. Every other piece in its own right was so interesting, choreography that was so different and exciting for me as a dance lover.’ ~ Priscilla Moody, 1st time BDC patron

‘...my kids and I were all captivated! Each piece was stunning, the dancers were just amazing, the lighting, costumes - just spectacular!! I really FELT that WIPE piece and was blown away by the dancers ability to convey the message of the choreography and keep in sync with each other without music!’ ~ Jackie Rollins, BSD Student and Parent

‘I was an Usher at BoSoma Dance Company’s 2024 Fall Show, *INTERCONNECTIONS*. It was my first time seeing BDC and I was blown away and captivated by the entire show. The two numbers that I loved the most were “WIPE” and “8 Years Later”. The WIPE piece was so elegant, the way the music stopped and the dress started making all these noises was amazing. It made a connection with the audience. Then the 8 Years Later piece was magnificent. The piece's background was so great, and I loved the whole show and the company. I will always remember these two days, and I will be back for every show.’ ~ Ryan Morabito, Peabody Middle School Student
